### Climate and Resilience Community of Practice and Spirit of Community Awards

The Gulf of Mexico Regional Collaboration Team supports the 8th annual **Gulf of Mexico Climate and Resilience Community of Practice (CoP)** meeting in Covington, Louisiana on May 16-18, 2017. The CoP brings together education, outreach, and extension professionals with local community decision-makers and climate experts for an exchange of ideas and best practices. The CoP enables opportunities for increased public awareness and improved resilience to climate and storm-related impacts in coastal communities around the Gulf of Mexico region.

The CoP also seeks nominations for individuals and local communities for its **Spirit of Community Awards**. These awards celebrate outstanding effort in climate communication and mitigation in the Gulf of Mexico region. Applications are due March 10, 2017.
