Dear Dr. Jacobs,

Being a pilot and a sailor for many, many years, I came to highly respect NOAA and their forecasts.

However, what your organization did this past week, has caused my stomach to turn. Your organization issued a correct forecast on Dorian. Donald Trump put pressure on someone at your organization to change that report just to satisfy his ego. And, you caved. You actually issued a FALSE and forecast and lied to the American people, just to please Trump. Wow!

I have lost ALL respect for NOAA as of this week. I feel I can no longer trust ANY forecast NOAA issues from now on.

You have let the American people down.

I hope your happy.

Make America great again. Get rid of Trump.

Regards
Jeff Jordan
