Subject: Truth

Dear Dr. Jacobs,

I took the time to navigate the NOAA website to find your email address. I want to thank you for putting the truth out to the American people regarding the recent weather kerfuffle with the president. It never occurred to me until now that the weather news could be compromised. It is important that we be able to trust the weather news coming from the government, regardless of what Mr. Ross says. I find this whole thing ridiculous and the sad part is you are being reprimanded because of the actions of someone acting like a 3 year old.

Thank you to you and your staff.

Sincerely,
Dr. Valerie Pientka
