Subject: Alabama

Your “Director of Communications” (and I use that term very lightly) lists her “experience” in the business world as working on Dump’s campaign, Junior League and her sorority. Are you people serious? You’re supposed to be scientists and not toadies of the Moron in Chief. If people in Alabama had taken Dump seriously and started to evacuate, what kind of panic would have ensued that you added to and compounded? Shame. You sold your soul.
