Subject: NOAA Integrity

Neil Jacobs, Acting NOAA Administrator

As a scientist and a citizen I am appalled that corrupt Trump loyalists now leading NOAA would put the integrity of that organization and the safety of Americans at risk to satisfy the ego of dishonest President.

As you must know, alternation of a NOAA weather map is a violation of 18 U.S. Code § 2074 and should be prosecuted.

If--as reported--you were involved in this further deception of the American people who trusted you and pay your salary, you should apologize and resign.
