You just trashed the reputation of your organization by supporting the President's lie, after lie, after lie. What do you get out of it? Some good seat at an upcoming fundraiser? Front row seats at a disgusting Trump rally? An opportunity to stick your head up his ass?

You and the rest of his fucking cronies are making a mockery out of this country. We are now the poster child of a 3rd world country ruled by an insane dictator. Yes, and you threw your hat into the ring, you miserable fucking asshole. Can't wait until this miserable man-child is gone and people like you, in charge of important organizations like NOAA, get fired. Fuck you and all the rest of your trump ass-kissing supporters.
