## Deficiencies

The following measures were not met in FY 2019:

### 1. Management and Program Accountability

- The Agency does not regularly assess: 1) its component and field offices for possible EEO program deficiencies, 2) their efforts to remove barriers from the workplace, and 3) comply with recommendations.
- All reasonable accommodation requests are not processed within the timeframe set forth in the reasonable accommodation procedures.
- The EEO Office does not have timely access to accurate and complete external and internal applicant flow data to prepare all MD-715 workforce data tables and complete the barrier analysis process.
- Anti-harassment training materials do not include examples of disability-based harassment.

### 2. Efficiency

- The Agency does not incorporate the results of recruitment efforts in EEO Program updates to senior leaders.

\*The slide captures all of the deficiencies. Note: Measurement # 1--I combined 3 into 1 sentence. This also shows in the report (Part H).
