Neil will be available to support your requests coming in starting Sunday. His voice is a little raspy right now so we have been trying to keep him off media. I'll let you and Chris work out the best plan. Kate and/or Chris can help staff him for any media requests so we are not adding to the workload. He will focus on forecast.

Kindest regards,  
Julie Kay Roberts, CEM  
Deputy Chief of Staff  
National Oceanic and Atmospheric Administration

That's possible and/or in studio on CapHill where Fox, CNN, NBC are clustered. One show I specifically thought of reaching out to was Fox News Sunday. Another Fox Show reached out for tonight but that won't work for us.
